**Keynote lectures**

09:15-10:00 (Chair: Koya Ariyoshi)  
Brian Greenwood (London School of Hygiene & Tropical Medicine)  
“Epidemic Meningococcal Disease in Africa”

10:10-10:55 (Chair: Kouichi Morita)  
Janusz Paweska  
(National Institute for Communicable Diseases of the National Health Laboratory Service)  
“Search for reservoir hosts of filoviruses in Africa”

11:05-11:50 (Chair: Masahiro Takagi)  
Nguyen Tran Hien  
“Influenza Pandemic (H1N1) 2009: Lessons from current outbreaks in the world and Vietnam”

**Lunch**

11:50-13:00 NEKKEN 1F Main Meeting Room No.124 (Speakers only)

**JSPS PROGRAM**  
**Pompe Hall 1F**

**Session J1-Intestinal Infection**

13:00-13:20 **Nguyen Binh Minh(NIHE) (Moderator/reviewer)**  
“Study on bacterial intestinal infections“

13:20-13:30 Masahiko Ehara (Nagasaki University)  
“Molecular epidemiological study on cholera in Northern Vietnam in 2006-2009”

13:30-13:40 Ngo Tuan Cuong (NIHE)  
“Characterization of Vibrio cholerae O1 due to the cholera outbreak in Northern Viet Nam from 2007 to 2009”

13:40-13:50 Phan Van Tu (PIHCMC)  
“Neurological diseases associated with human enterovirus 71 in Ho Chi Minh City, Vietnam, 2006-2007”

13:50-14:10 **Shin-ichi Noda (Kagoshima University) (Moderator/reviewer)**  
“Overview of 10 years activity of the intestinal parasite group”

- 14:10-14:20 Shoji Uga (Kobe University)  
“Effect of repeated deworming on parasite control”
- 14:20-14:30 Nguyen Thi Viet Hoa (NIMPE)  
“Comparison of two methods for detection of intestinal parasite eggs”
- 14:30-14:40 Jun-ichi Gyoten (Ehime University)  
“Ascariasis among primary-school children and soil contamination of their school with Ascaris eggs”
- 14:40-15:00 Tea Break

**Session J2 Viral Infection–Mosquito-borne & Zoonosis**

- 15:00-15:20 **Futoshi Hasebe (Nagasaki University) (Moderator/reviewer)**  
“Isolation and characterization of two phenotypically distinct dengue type-2 virus strains from the same dengue hemorrhagic fever patient”
- 15:20-15:30 Nguyen Hoang Quan (NIHE)  
“Dengue situation and molecular epidemiological study on dengue viruses in Vietnam”
- 15:30-15:40 Kouichi Morita (Nagasaki University)  
“Frequent introduction of Japanese encephalities virus from Southeast Asia and continental East Asia”
- 15:40-16:00 Le Thi Quynh Mai (NIHE) (Moderator/reviewer)**  
“Overview of evolution of HPAI H5N1 in Vietnam 2003-2009”
- 16:00-16:10 Nguyen Thi Thu Thuy (NIHE)  
“Serological survey of Emerging viruses among Bats in the Northern and Central Highlands of Vietnam”
- 16:10-16:20 Jiro Arikawa (Hokkaido University)  
“Epidemiology and epizootiology of hantavirus infection in East Asian”
- 16:20-16:30 Vu Dinh Luan (PIHCMC)  
“Surveillance on hantavirus infection in rodents in the Southern region and Central Highlands of Vietnam, 2007-2008”
- 16:30-16:40 Akira Nishizono (Oita University)  
“Rapid diagnosis for rabies based on the principle of immunochromatography in rabies-endemic countries”

**Reception**

- 18:30-20:30 Nagasaki Parkside Hotel 1F “Tempo Room”

**JSPS PROGRAM**  
**Friday, 27 Nov. 2009 Pompe Hall 1F**

**Session J3 Respiratory Infection**

- 09:00-09:10 **Dang Duc Anh (NIHE) (Moderator/reviewer)**  
“Report of the Acute Respiratory Infection Group”
- 09:10-09:20 Lay Myint Yoshida (Nagasaki University)  
“Viral Pathogens Associated with of Acute respiratory Infection in Central Vietnamese Children”
- 09:20-09:30 Phan Le Thanh Huong (NIHE)  
“Molecular characterization of Streptococcus suis isolated from ill pigs and human patients in Vietnam”
- 09:30-09:40 Nguyen Thi Hien Anh (NIHE)  
“Characteristic of Pneumococcal Isolates from Hospitalized Children with Suspected Invasive Pneumococcal Diseases in Hai Phong, VietNam”
- 09:40-09:50 **Hiroshi Suzuki (Niigata University) (Moderator/reviewer)**  
“Overview of the Vietnam-Japan viral acute respiratory infection project for 10 years”
- 09:50-10:00 Nguyen Le Khanh Hang (NIHE)  
“Viral pneumonia surveillance in the North of Vietnam 2004-2009”
- 10:00-10:10 Pham Quang Thai (NIHE) GIS  
“Modeling the progression of pandemic influenza A (H1N1) in Vietnam and opportunities for reassortment with other influenza viruses”
- 10:10-10:20 Nguyen Quang Minh (NIHE) GIS  
“Characteristics of cholera outbreaks in Hanoi, Vietnam, 2007-2009”
- 10:20-10:30 Reiko Saito (Niigata University)  
“Antiviral resistance and molecular evolution of influenza A/H1N1 and A/H3N2 in Vietnam”
- 10:30-10:50 Tea Break

**Session J4 Mosquito & Malaria**

- 10:50-11:00 **Masahiro Takagi (Nagasaki University) (Moderator/reviewer)**  
“Our collaborative research on disease vector mosquitoes in Vietnam”
- 11:00-11:10 Tran Vu Phong (NIHE)  
“Effect of temperature and nutrition on the predation efficacy of Mesocyclops aspericornis (Copepoda: Cyclopidae) on Aedes aegypti (Diptera: Culicidae) larvae”
- 11:10-11:20 Hoang Minh Duc (NIHE)  
“Detection of Chikungunya virus in some dengue outbreaks in North Vietnam, 2009”

11:20-11:30 Takashi Tsunoda (Nagasaki University)  
“Effect of controlled release plastic formulations of permethrin(Olyset net) and insect growth regulator, pyriproxyfen, on Aedes aegypti in southern Vietnam”

11:30-11:50 **Le Duc Dao (NIMPE) (Moderator/reviewer)**  
“Genetic diversity of P. vivax in phu rieng rubber plantation binh phuoc province”

11:50-12:00 Shusuke Nakazawa (Nagasaki University)  
“A gametocyte pool, a site and size-----Goals and outcomes in the JSPS”

**Lunch**

12:00-13:00 NEKKEN 1F Main Meeting Room No.124 (Speakers only)
