## Time Table Short Course in Epidemiology and Medical Statistics

## Nagasaki University July 2015

|         | day                | Time          | Session   |
|---------|--------------------|---------------|---|
| 1       | Tuesday 21 - July  | 9:15 - 10:30  | Measuring health and disease                    |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Study design                                    |
|         |                    | 3:45 - 5:15   | Practical                                       |
| 2       | Wednes 22 - July   | 9:15 - 10:30  | Data and Distributions                          |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Stata I - Intro analysis                        |
|         |                    | 3:45 - 5:15   | Stata I - Intro analysis                        |
| 3       | Thursday 23 - July | 9:15 - 10:30  | Randomised Controlled Trials and Cohort Studies |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Confounding and stratification                  |
|         |                    | 3:45 - 5:15   | Practical                                       |
| 4       | Friday 24 - July · | 9:15 - 10:30  | Statistical Inference - I                       |
|         |                    | 11:00 - 12:30 | Statistical Inference - II                      |
|         |                    | 2:00 - 3:15   | Case-Control Studies                            |
|         |                    | 3:45 - 5:15   | Practical                                       |
|         |                    |               | WEEKEND   |
| 5       | Monday 27 - July   | 9:15 - 10:30  | Continuous outcome: 2 groups                    |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Continuous outcome: Analysis of variance        |
|         |                    | 3:45 - 5:15   | Practical                                       |
| 6       | Tuesday 28 - July  | 9:15 - 10:30  | Simple Linear regression                        |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Multiple Linear Regression                      |
|         |                    | 3:45 - 5:15   | Practical                                       |
|         | Wednes 29 - July   | 9:15 - 10:30  | Categorical outcome: 2 proportions              |
| 7       |                    | 11:00 - 12:30 | practical                                       |
|         |                    | 2:00 - 3:15   | Categorical outcomes: Contingency tables        |
|         |                    | 3:45 - 5:15   | Practical                                       |
| 8       | Thursday 30 - July | 9:15 - 10:30  | Simple Logistic Regression                      |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Multiple Logistic Regression                    |
|         |                    | 3:45 - 5:15   | Practical                                       |
| 9       | Friday 31 - July   | 9:15 - 10:30  | Life tables                                     |
|         |                    | 11:00 - 12:30 | Practical                                       |
|         |                    | 2:00 - 3:15   | Sample size                                     |
|         |                    | 3:45 - 5:15   | Practical                                       |
| WEEKEND |                    |               |   |
| 10      | Monday 3 - August  | 9:15 - 10:30  | All-day exercise: Analysis of a dataset         |
|         |                    | 11:00 - 12:30 |   |
|         |                    | 2:00 - 3:15   |   |
|         |                    | 3:45 - 5:15   |   |
